Varsha Phal

The sun transits one circle of 360 degrees of the zodiac in a whole year. To analyse the results for a specific year of your life, a horoscope is cast for the time when the Sun in transit reaches exactly where it was at the time of your birth. This horoscope is used to predict events and foretell your life for that particular year. The annual or progressed horoscope is similar to that of the Siderial Solar Return chart in Western Astrology.

Varshaphal is also known as the Tajaka or Tajik system of astrology. Of the many writers, Nilakanta and Kesava are the two great authors who have written elaborately on the Tajik system.

The annual horoscope analysis and predictions given here are based on the principles of the Tajik system. The point called Varshapravesh, is the entry into the new year and has great significance. This is calculated as per the elaborate methods suggested in the ancient texts. The day of the week of your birth, is also considered for Varshapravesh. Apart from the ascendant in the annual chart, called Varsha Lagna other important influences analysed are that of the Muntha, the Lord of Muntha and the Lord of the year.

There are wide differences in rules, for judging a horoscope under the Parasara system and the Varshaphal. The set of rules for aspects and combinations in the two systems are distinct. The strength of the planets are ascertained by Panchavargiya Bala rather than Shadbala, as in the Parasara system.

In the foregoing analysis, you can see that the effects of various factors are sometimes contradictory and at times reinforcing. While some unfavourable influences are neutralised by favourable factors, often you will experience all these at least partially at sometime during the year. An overall judgement of the year ahead is given at the end of each annual forecast.

Please remember that the Varshaphal period covers an entire year from the day of Varshapravesh, which is approximately from one birthday to another.

The predictions given here are indications of the fortunes ahead and you can surely surmount any hard times, by your diligence, will-power and the grace of God.

Effect of Muntha

Muntha is a sensitive point in the annual horoscope. Muntha moves by one rasi per year from the birth ascendant. The position of Muntha in the annual chart has a significant effect on the results one can expect during the year.

Muntha is in the first house. This is a favourable position. As a young man, you have the chance to excel in your career. For those who take up a new profession or maybe enter into a new relationship, prosperity will go with you. Your friends will be many and even those you considered rivals, will turn over to your side. You will become more popular and good health will follow you. As regards financial matters, you will be quite comfortable.

Lord of Muntha

The lord of the house where Muntha is placed is called Munthesh, the Lord of Muntha. The effect of Munthesh is only secondary to that of Muntha.

In this case, while Muntha is placed well, the Lord of Muntha is in an unfavourable position. This nullifies some of the good effects given by Muntha. Also, some difficulties will be experienced during the year.

The lord of Muntha is in the fourth house. For you, this coming year could give you some moments of anxiety. It could be due to a work situation or some problem at home. There could be the loss of position you hold - or you may have to give up on your wealth or something you value dearly. However, try not to get upset over these and just go on with your life.

Lord of the year

Varsheswara, the lord of the year is selected based on various factors as shown above. The lord of the year has a significant influence on the events that unfold during the year. The strength of the planet is also an important consideration.

Venus is the lord of the year and is strong. This year, conjugal happiness and domestic harmony will be there for you. Good health will follow you and you will be successful in sports and games too. You will have an aptitude for advanced sciences. There could be the acquisition of jewelry or property for you or your family. You could get more interested in sexual pleasures. The luxury articles you have, will give you a comfortable and happy life at home.

Birth Lagna

The position of birth lagna in relation to varsha lagna has special significance.

Birth lagna is the annual second house. This indicates financial prosperity for you this year. However, there is a danger of some hurt or injury also. Try to be more sensitive to the feelings of your family members. So you can avoid any unpleasantness. There will also be unexpected expenditure on medicines.

Planets in houses

The effects due to the position of planets in different houses of the annual chart are outlined below. These influences modify the intensity of good and bad results forecast based on the parameters analysed earlier.

The Moon is positioned in the ninth house. This points to a dawn of fortune, financial gains, charitable deeds, gain of land and happiness to children.

Sun is placed in the fifth house. This indicates unpopularity with the public, trouble in disputes, doubtful decision making, suffering for children, sickness and financial tightness.

Mercury is in the fourth house. This indicates general happiness, good income, new acquaintances and benefits from them, acquisition of new cattle and lands, pleasure of owning a new vehicle.

Venus is in the 4th house. This indicates acquisition of articles of comfort, vehicles and ornaments, domestic bliss, generally happy and successful, leading aristocratic life.

Mars is in the fourth house. This cautions of outbreak of fire, sorrow, sickness to cattle, loss in agriculture but status quo in business.

The eighth house is occupied by Jupiter. This indicates Vomitting, nausea and fever attacks, frail physical health, illness affecting the ears, mental uneasiness and a tendency to do forbidden acts.

Saturn occupies the sixth house. This indicates purchasing land, good income, respect from high quarters, bounty of harvest, spread of fame.

Rahu is seen in the seventh house. This points to breathing problems, piles, risk of poisoning. Keep away from snakes.

Ketu is in the first house. This points to disappointments, complications in chronic health complaints, loss of happiness, untrustworthy friends and disputes with all sorts of persons.

Ashtakavarga plays a significant role in transit predictions, and it uses a system of points based upon planetary positions in your birth chart.
