This report describes the influence of planets on your character and life. You may find repetitions or contradictions in the report which only show the interactive nature of various planets on your life.

Wealth, land and properties

Land and properties, wealth, family, speech, food and skills are some of the important topics highlighted by the second house in a horoscope.

As the 2nd lord is in the 11th, you will earn wealth by diverse means and be industrious, ethical and famous. But you will come to realize that enthusiasm is not a replacement for experience. Your health will be better in adulthood than in childhood. Your changing sense of self may be confusing to friends and relatives. You will probably do well in banking, or in the hotel or motel business.

Since Mercury and the second lord are positioned together, you can earn a name in fields related to literature as well as mathematics.

Since the second lord and the seventh lord are in conjunction, there are chances of your gaining wealth supported by your life partner.

Property, Education etc.

The fourth house of your horoscope refers to property, education, mother, vehicles, and general happiness.

As the 4th lord is in the 8th, you are likely to encounter difficulties as a young girl during the period of education and while growing up. You secretly envy your brothers who get preferential attention from your mother. In fact, as a daughter you will profit immensely from her realistic approach in life. It is very seldom that you realize that she has wonderful dreams and ambitions about her little girl. You may be separated from your father for one reason or other quite early in life. You may have to face certain problems arising from law suits.

As Jupiter is the lord of the 4th house, you will be dedicated to the cause you espouse. You will demonstrate a missionary zeal toward your primary assignment. You will be dedicated to whatever objective you set for your education and career. You will be a woman with a strong sense of duty and commitment. Your capacity for impartial judgement will stand you in good stead both at home and at work.

It is seen that Mars is afflicted by other planets. Hence, take extra care in property dealings so as to avoid losses.

The lord of the fourth is in the exalted position and this indicates luck in education, and in domestic life.

Apart from the above, you should be happy to note that there is a beneficial influence of Jupiter on the fourth house and this reduces any bad effects predicted otherwise.

Fortune, Prosperity, Inheritance etc.

As the 9th lord is in the 10th you will be popular and well liked, even in childhood. You will become famous or powerful. You will be in a position to command respect from many. Since you are destined to enjoy regal status, you might find your calling in defense, or politics. You will be liked by all who meet you. In your married life, both you and your husband will share a common honesty, youthfulness, refreshing candor, wisdom and wit. It will be surprising that sometimes you are quiet, timid and shy, whereas on other occasions you are talkative and very outgoing. You do have a dual personality.

Income

The eleventh house mainly gives indications regarding income and sources of income.

As the 11th lord is in the 12th, you are likely to spend your time and energy on good deeds. You will have the desire to interact with people totally unlike you. You may have a lot of friends from another culture, another country, or another religion. You may have to worry unduly about your older brother's health. When you have to shoulder domestic responsibility due the absence of your brother, you may find yourself bogged down by paperwork and formalities.

Since Mercury occupies the 11th house, you will be honest and intellectual. You will have good friends, and you will do well in business.

Since Saturn occupies your 11th house, you will enjoy good food. You will be energetic and healthy. You will be financially comfortable. You will be long-lived. You may have some undesirable companions.

Gem Recommendation

Gems are wonderful creations of nature. Crystals have many special properties and find applications in scientific areas including electronics. Crystal oscillators, diodes, piezo-electric crystals etc. are examples. Gem stones are found in natural form in many shapes and colours. They differ in physical and chemical properties from one another. The stones are cut and polished to give the required beauty and shine.

From ancient times scholars have associated gems with planets, based on the colour and the effect that is produced by wearing the same. Not only the Indians but Chinese and Egyptians believed in the mystical and therapeutic qualities of gem stones.

The science of gems and astrology is now brought closer to the common man as a result of the research work done by Astro-Vision.
