Gem Recommendation

Gems are wonderful creations of nature. Crystals have many special properties and find applications in scientific areas including electronics. Crystal oscillators, diodes, piezo-electric crystals etc. are examples. Gem stones are found in natural form in many shapes and colours. They differ in physical and chemical properties from one another. The stones are cut and polished to give the required beauty and shine.

From ancient times scholars have associated gems with planets, based on the colour and the effect that is produced by wearing the same. Not only the Indians but Chinese and Egyptians believed in the mystical and therapeutic qualities of gem stones.

The science of gems and astrology is now brought closer to the common man as a result of the research work done by us.

Quality of Gem and its fixing

Purchase good quality Gems from dependable sources only. It is important to set the gems in the right metal prescribed. Do not go by the cost or appearance. The gems should not be exposed to heat or scratched by sharp objects. It is better to remove the gems while bathing.

Personal preparation to begin

The day you start wearing the Gem for the first time should be given due significance. Your mental preparation and cleanliness is of great importance. For this purpose you are free to follow the rituals according to your faith and practice.

Select a suitable date keeping in view the DAY suggested for each Gem and your personal convenience. Make a note of the time of SUNRISE at the place where you stay. This information is usually available in the calendar. Get up early in the morning. Complete your morning routines and bath. Wear clean clothes. Pray (or meditate) for few minutes to purify your mind. Plan your activities in such a way that you will be able to wear the gem exactly at the recommended TIME (Gems are better worn for the first time in the presence of elders or persons you respect.)

Warning / Caution

Please note that the gems now recommended for you do not remain the most suitable for you through out your life. It may have to be reviewed depending on the changes in your personal life and dasa periods. More over the importance and priorities you attach to the problems may also shift from time to time. Therefore it would be advisable for you to recheck your gem prescription when required.

It is believed that the astrological remedial power of a gemstone will diminish when a person wears it for a long period. Approximate periods for the gems are as follows. Pearl- 2 years, Ruby- 4 years, Emerald- 3 years, Diamond- 7 years, Red coral- 3 years, Yellow Sapphire- 4 years, Blue Sapphire- 5 years, Hessonite- 3 years and Cat's Eye- 5 years.
